

Global Tax Network (GTN)

Mobility Tax 201 – Managing Mobility Tax Risk and Cost

Building on the basics with a focus on tax equalization/protection, short-term assignments, remote workers, and tax treaty application.

July 10, 2025, 9:00 AM CST

Course Description:

This course will review the following concepts:

- An introduction to tax equalization/protection
- Managing international assignment tax costs
- Taxation of short-term assignees, business travelers, and remote workers
- Application of tax treaties

Learning Objectives:

By the end of this session, participants will be able to:

- Describe the key principles of tax equalization and tax protection, and how they support mobile employee programs.
- Evaluate strategies for managing the tax costs associated with international assignments.
- Differentiate the tax implications of short-term assignments, international business travel, and remote work arrangements.
- Understand how tax treaties can be applied to reduce or eliminate double taxation and support global mobility planning.
